

A special presentation to the UNFCCC delegation of Mexico

To the Secretary of State for Environment, Juan Rafael Elvira Quesada,

We are pleased to present you this document listing the supporters of Sandbag's 'One Giant Leap Campaign' from Mexico and around the world.

We ask that you join us in pursuing a global deal which controls greenhouse gases from the major emitters in the global power sector, thereby accelerating emissions reductions in Annex I countries and extending the carbon cap to cover the most important sector in emerging economies.

We do this on behalf of nearly 800 Mexican athletes who staged events across 14 Mexican cities on Saturday September 26th 2009 to promote our campaign. Their example inspired a further 164 Mexican supporters to join us. They are part of a global call coming from athletes and supporters across more than 70 countries worldwide. Please hear them.

Yours sincerely,

Damien Morris
